**For example, if a horse falls on the course on the second loop and is lame following the fall and stops, it must be marked as 'el-la' at the second vet gate.**

**If the horse is stopped by the vets on loop 4 as it is too tired to continue, and the horse receives treatment it must be marked as 'el-tr' at the fourth vet gate.**

**If the rider becomes lost on the third loop and chooses not to continue but is taken off from the course, this must be marked as 'el-el' at the third vet gate.**
