booster vaccination

Must have been vaccinated with
the 6 months +21 days before
arriving at the Event

Must not compete in the 7 days
after receiving a vaccination

Failure to re-inoculate within the specified six months' entails repeating the Primary and Secondary inoculations.

AHS

The inoculations must be given annually and there must be an interval of at least 21 days between the first and second inoculations.

Horses may compete three weeks after the second inoculation. (three weeks)

Inoculations must be yearly with a grace period of three weeks.

Owners and horses domicile in the African Horse Sickness Free Zone should contact their Regional Body for details of the regulations applicable to that area.

It is strongly advisable that ALL vaccinations is given before 31 October of a said year.

TETANUS

Vaccination is advisable but not compulsory.

Primary vaccination consists of 2 vaccinations 4-6 weeks apart.

Revaccination consists of 1 vaccination every year, preferably in spring, prior to the foaling season.
