WINDHOEK ENDURANCE RIDING CLUB.

Please read Raik's advice, regarding the web entry!

VERY IMPORTANT FOR THE WEB REGISTRATION:

For the Members:

After a ride entry has been successfully created there will be a link coming up: 'create a new Calculation sheet for this ride', or if there is one already existing: 'assign this entry to existing Calculation sheet'

If this is done, on the bottom of the Entries detail page where you are referred back to, there will be a Calculation Sheet Number and 'show calcsheet' for more details.

You can also get to there from the sub menu 'go to Calculation Sheets' under 'Entries'. In the details you can set your Items same way as on the Paper sheet.

Calculation sheets can be assigned to multiple or no Riders. There is one Calculation Sheet possible per Login account (Email address) and Ride.

From an Officials points of view:

if you go to 'Entries' -> 'go to Calculation Sheets'. You will find right on top a notification bar with details to the calcsheets per Ride and 3 downloadable CSV lists similar to the Entries. If you would like to see another list, just let me know.

Calcsheets can be set to paid by entering the paid amount into the Payment field in the detail view.

Calculation Sheets can be moved to another responsible person by changing the Email address under 'responsible person'

Riders can be assigned to any Calculation sheet by entering the Calcsheet ID into the Entry manually

cheers,

Raik
